

An Important Message From David Crombie

You are invited to join The Round the World Challenge which focuses public attention on the power of medical research and technology to give freedom and independence to people with spinal cord injuries.

How can you help?

Join with your business colleagues to make up a table at The Round the World Challenge luncheon. At 12 noon on Oct. 4 at The Toronto Westin Harbour Castle Conference Centre, we will raise funds for spinal cord research and rehabilitation. Meet Mike Nemesvary, former World Cup freestyle skier, who is well on his way to becoming the first quadriplegic to drive around the world unassisted. A table subscription is only \$750.00, or \$75.00 / person. A charitable receipt for eligible costs will be issued.

Why should you attend?

In neuroscience and spinal cord research, what was unthinkable less than a decade ago is highly thinkable today. Your luncheon contribution will further the work of spinal cord injury research led by the likes of Dr. Michael Fehlings and his neurosurgery team at Toronto Western Hospital.

Why order a table right now?

I urge you to sign up now for a Toronto event that will be both inspirational and instructive. Join us in witnessing and encouraging the triumph of the human spirit as exemplified by Mike Nemesvary and his Round the World Challenge.
